Grant Proposal Information

Please describe the purpose for which you are requesting funding, and clearly explain how it will support the purpose of the Love One Another Trust by strengthening your Catholic school. Please explain who would benefit from this grant both directly and indirectly.

Highly effective Catholic schools are able to not only develop, guide, and strengthen the faith of its children, but are also able to provide high quality academic experiences for their students. Unfortunately, we are currently lacking a coherent, consistent curriculum in our core academic areas. Our goal is to systematically implement new programs and resources in math, E/LA, science and SS.

How would the impact of this grant contribute to the growth and strengthening of Catholic education at your school? What is the anticipated scope of its impact?

In 2021, [REDACTED] was awarded Exemplary recognition for Mission and Catholic Identity. Our goal is to now elevate our academic program to a level on par with our mission and identity. Last year we were able to purchase new math curricula and in 2024-25 we are hoping to implement new programs and resources in English/Language Arts in grades K-5.

How will the impact of this grant be documented and evaluated?

Teachers construct Unit Plans which outline how they are implementing approved curricula in their classrooms. As a result, documentation is a built in by-product of their work. Classroom assessments, MAP data and Iowa test results can be used to measure the effectiveness of new programming and resources.

What is the projected level of support for this grant from your school / parish leadership and community?

Because we currently lack quality written curricula in our core academic areas, support for this initiative is strong. Our goal is to provide a curricular roadmap for our teachers in order to guarantee consistent approaches across grade levels and to leave a blueprint for instruction should staff turnover occur.

How will you sustain the program or purpose or initiative which would be funded by this grant in the future after all of the grant money has been spent?

The grant will allow us to purchase a 5 year license which will provide us the opportunity to create the budget structures required to systematically revise curriculum on a regular schedule. Currently, no such structure exists.

Has the school received any prior grants from the Love One Another Trust? If yes, please list dates and the amount of the grant awards.

No

Are there other important considerations regarding this grant request which will inform the Trustees in their consideration of this grant application?

The academic cornerstone of any high quality school is a guaranteed, viable curriculum. Given we have virtually no written curriculum for staff to follow, our instructional focus is scattered & at the whim of the classroom teacher. A new curricular process, coupled with new program and materials, will greatly enhance the chance of success for our students as they exit [redacted] and enter high school.
